DO YOU KNOW

That now is the time to build that home or business house you have been considering? The present business depression has reduced the price of lumber and building materials; labor is cheap and plentiful, and you can build now for 25 to 50 per cent less than in

June, 1907, or Dec. 1908.

When you think of lumber or building material, think of us and the fact that we have completed a modern up-to-date millwork mill, and can furnish everything made of wood used in a building from sills to comb, and that we can

DO IT QUICK.
